

Professional Services

We offer a range of Professional Services designed to help you maximize the platform's capabilities to meet your goal. Our comprehensive training and support is tailored to your unique needs.

From hands-on help with content creation and consultation to helping deepen your team's knowledge of the platform, we're committed to ensuring your team has the knowledge and tools necessary for success.

PLATFORM CONSULTATION AND CONFIGURATION

Our team can provide **expert guidance, training and support** in creating custom content and configuring your platform **according to your requirements**. Services include virtual small scale training and working sessions, content creation, platform configuration, technical assistance, data uploads, and more.

Pricing

Hourly rate of \$180 for platform configuration and consultation

VIRTUAL TRAINING PACKAGES

Our custom large scale virtual training sessions, hosted by our Professional Services team, cater to both students and staff. Tailored to your team's specific needs, these sessions allow you to select the features you want to focus on.

These virtual sessions can be scheduled to suit your preferences. Additionally, sessions are recorded and shared with your team for reference. Whether you prefer to book multiple sessions in a day or spread them out, our training program adapts to your requirements.

Pricing

45 MINUTES PER SESSION FOLLOWED BY Q&A

1 session: \$699

3 sessions: \$999

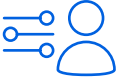

5 sessions: \$1499

Save more by taking advantage of Professional Services each year - helping your team stay up to date.

CUSTOM ON-SITE TRAINING

A member of our team can also travel to your campus for a **custom in-person training**. These sessions are tailored to your specific requirements and can include general training for staff, dedicated sessions for students, and working sessions with administrators or teams.

CUSTOM PACKAGES

Custom packages can help **address specific needs** that your institution may have. Tell us about your project, and we'll see how we can help!
